

Language Communication Lab Manual (LANGULAB / GDROOM)

Practical Communication Training • Academic Block 1 (LANGULAB) • JUIT

1. Language Lab Software Exercises

- Module 1: Audio phonetics recognition and vowel length pronunciation practice.
- Module 2: Accent neutralization and British/American standard differences.
- Module 3: Listening comprehension tests from BBC and academic lecture transcripts.

2. Group Discussion (GD) Frameworks in GDROOM

- Initiating a discussion: Stating facts and framing core propositions.
- Turn taking: Politely intervening and building consensus.
- Summarizing: Synthesizing varying arguments into actionable conclusions.
